Pre-Approved Brand Quote

"Magnific is the world's most comprehensive AI creative platform - image, video, audio, and 3D generation, AI upscaling, collaboration, and 250M+ assets in one place. Formerly Freepik, founded in 2010 in Malaga, we reached $200M+ ARR and over 1 million paid subscribers, profitable and without US venture capital. People saw fragments - Freepik as stock, Magnific as an upscaler. Magnific is the first time the full platform is visible as one."
